

Ritual Committee Report 2022-2023

High Holy Day Worship

We were able to have high holiday services live and in person which was wonderful. We had good attendance both in person and via zoom. The choir and the musicians did an excellent job. It was beautiful to be back in person.

Weekly Worship

We now have in person services every week, with many people coming back to the synagogue. We still have some who stream each week as well. The Rabbi, Mike Kahn and Yana are doing a wonderful job. Our Shabbat B'Yachads are becoming quite popular. The HCRJ choir made numerous appearances in the past year. Services are now held at 7:15pm for Shabbat B'Yachad (with a dinner before at 6:15PM). Those who want a more traditional service can enjoy the monthly traditional Shabbat service that starts at 6:30pm. We had many B'nai Mitzvot this year as well. We also had several special services which drew crowds from around the community, such as a performance by Polyphony, Church Without Walls, and the Purim/Rodeo themed Shabbat.

HCRJ Seder

The congressional seder was back at HCRJ this year. We had a good turnout and beautiful service. Everyone that attended had a great Passover experience.
